

Learning Temple

PROSPECTUS FOR

IIT JEE (Main + Advanced)

NEET | AIIMS

JEE (Main) | GUJCET

Class 8 to 12

(NTSE, KVPY, OLYMPIADS, BOARDS)

An ideal platform for Students who have the right mix of

Aptitude, Attitude & Adherence

To make it to the IIT - JEE (Main + Advanced) / NEET

Dear Students & Friends :

Welcome to Learning Temple !

I feel privileged to be able to connect to you all. I believe that in order to excel & to improve the quality of education on a consistent basis, it is required to persistently seek and adopt innovative methods. Hence we at Learning Temple, are constantly putting our efforts to transfer the knowledge of our esteemed Faculty Members to the young minds who have accepted the challenge to be the brightest Technocrate & Medico of the country. The excellent teaching standards at Learning Temple spur us to pursuit relentless excellence.

I assure you that your time at Learning Temple is going to be the most pleasant experience ever. Our Success lies in your accomplishments only.

“Education is to help you realize your own potential rather than imitating others” :

It is very important for you to decide your career option and this should solely be made by your, understanding your interests and keeping in view the suggestions and experience of your respected parents and elders.

“Without hard work, nothing grows but weeds” :

You have to put in the organized effort, blended with passion and enthusiasm. Since competition is already high, you need to put in at least 2-3 hours of study on a school day while 8 hour of study on a holiday.

We pray to the Almighty for your success and cheerfulness throughout your life.

Best Regards

Abhishek Rathi

PEDADOGY

Develop Conceptual Clarity

- * Highly qualified and experienced faculty
- * Technology based learning including Smart Class, Smart Board, Online Assignments etc

Apply Concepts

- * Well researched illustrative examples
- * Comprehensive reference material

Regular Assessments

- * Scheduled booster tests & Surprise Quizzes
- * Benchmarking across batches with detailed feedback

Practice Extensively

- * Ample practise assignments
- * Routine homework

ADVANTAGES

Learning Temple is a pioneer in revolutionizing the concept of inclusive and extensive coaching in IIT JEE & NEET which enables the students to enhance their performance in these competitive Exams. This approach helps students to save time and multiply their efforts. We have been consistently producing top results, as our educational program is imparted in the most time efficient manner.

Team of highly qualified teachers comprising of IIT-ians and Doctorates

Exhaustive study material prepared by experienced faculty members

Regular feedback system, parent-teacher meeting & detailed analysis report after every major test

Precise and exhaustive training for competitive exams as well as school exams

Small batch size with the lowest student-teacher ratio focusing holistic development

Highly interactive and innovative teaching methodology to suit individual needs

Development of a child's curiosity, reasoning & out-of-the-box thinking skills

Rigorous daily practice problems (DPP), topic-wise tests, major tests to assess & evaluate performance level

COURSES OFFERED

It is a comprehensive two year program designed to inculcate the habit of internalizing concepts and enable students to apply them will be both in real life problems and in exams. The program will also help students transit smoothly from Class X and build a strong foundation for their basic subjects of Mathematics, Chemistry and Physics.

2 year program ensures that all the concepts which are required in IIT-JEE (Main+Advanced) for Class 11th, 12th are very well explained to the students so they excel in both CBSE/GSEB and other Engineering entrance exams as well. The program will also help the students to succeed in other competitive entrance exams like KVPY, Olympiads & various State Level Engineering Entrance Examinations.

Class Pattern	Frequency	No. of Hrs.
Regular	3/4 days in a week	12/14 Hrs.
Weekend	2 days in a week	12/14 Hrs.

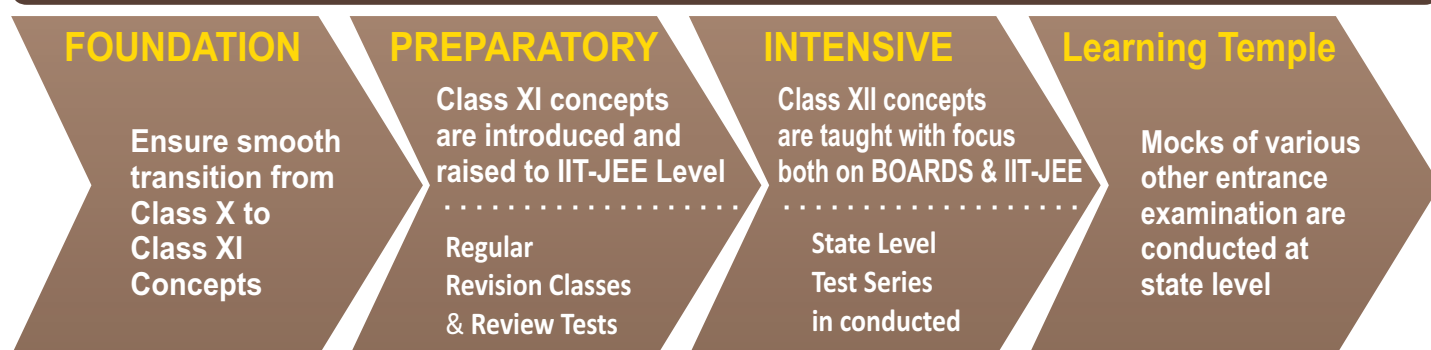

Course Duration

Commencing from
April/May 2019 to March 2021.

Course Fee

₹ 2,20,000/-

Course Flow

Key Features

Innovative Two year Course

As there is a quantum jump in difficulty levels of course curriculum between Class X & Class XII, the course has been designed to ensure smooth transition for students for first focusing on the basics through easily understandable concepts and exercises.

Taking Good Care of CBSE/GSEB Board Exam as well

Another added feature that makes the course stress-free is the coverage of Class XII **CBSE/GSEB** Boards syllabus through comprehensive notes. These notes will supplement student's school studies and Pre-Board exams.

Class Tests

Booster Tests are held regularly in the class to assess the understanding of the topics by the students. Many of these would be in the form of Surprise Quizzes, so that students are forced to be regular in their preparation. In addition, a number of chapter based practice tests are offered in online mode.

Test Series

The feedback of the course in the form of Test Series held at regular intervals. These Test Series are held at multiple Test Centres providing a real Exam-like experience to the students. Detailed analysis of these will be provided to the students so that they can judge their performance relative to the other students.

COURSES OFFERED

This program is pedagogical breakthrough in engineering exam preparation. One of the most comprehensive preparatory courses taught by the most eminent, respected and experienced faculty. The program has been specifically designed to cater to students who have entered Class XII with Engineering stream and are motivated to join a comprehensive one year duration program along with school to prepare for one of the most coveted and competitive examinations.

The pedagogical philosophy of conceptual clarity leading to structured thinking further leading to logical problem solving will guide the students right up to IIT-JEE (Main + Advanced) level concepts and problems. The program develop and share the right strategies form time to time to optimize students output.

The One Year Course offered by Learning Temple is an extensive course for students who have completed their Class XII and have decided to appear for 2020 or already appeared but want to improve their rank in next IIT-JEE (Main + Advanced).

Given the fact that the student is left with one year to prepare for the IIT-JEE (Main + Advanced) Entrance Exam, the one year preparation course is compact and rigorous, and helps the student to take the with full confidence.

The Course focuses topics relevant from the Class XI and XII syllabus that are important from the perspective. First the fundamentals are strengthened so that the student can face the more difficult topics with ease.

The course is designed to reinforce the core concepts and give sufficient problem solving practice to its students. Besides Classroom Session and comprehensive Course Material, sample Test Series will be provided to students.

This curriculum is specifically aimed for Medical aspirants who will take an early advantage by enrolling just after Class-10th board examination. This course is divided into two academic sessions. Initially, the course begins with the basic fundamental study as the students are not exposed to the syllabus and pattern of NEET/AIIMS.

This two-year course helps students to develop a solid foundation for competitive examinations like Medical-UG, AIIMS etc. The academically stimulating environment, small batches and one to one interaction with the teacher ensures that even smallest doubts are cleared. Regular periodic tests are conducted to evaluate the learning of student at Learning Temple.

COURSES OFFERED

Learning Temple has long been distinguished for the best classroom coaching and results for Medical entrance examinations. Our USP being methodical coaching and a healthy competitive atmosphere to the medical aspirants through our excellent curriculum and ample infrastructural facilities.

The student is taught an entire portion of class 12th along with the important and critical topics of class 11th. By being a part of the on-going year round curriculum, the students adapt themselves well to the pattern of paper and succeed in the examination with ease. Besides delivering knowledge we encourage and motivate our students to make most of their abilities.

Most of the students who have enrolled with this course are thorough with the theoretical aspects of the subjects but lack the impetus and the correct approach to solve the questions. The concept of this course is to give rigorous practice to the NEET/AIIMS aspirants. Regular periodic tests are conducted to assess the learning of students and ample guidance and mentorship is provided in order to boost the morale of the students. To strengthen foundation, enhance self-assurance and get into the top gear of NEET/AIIMS groundwork, this course is the right choice and can easily claim to be at par with the best offered anywhere in India.

Building Strong Foundation at Learning Temple

(For students studying in class 8th to 10th)

We, at Learning Temple, are strongly motivated to develop the inquisitiveness and curiosity of children into vision. Building Strong Foundation program is the first step towards nurturing the young minds of the country. The basic foundation of proficiency in Science and Math lies on the clarity of thoughts. Hence, we attempt to inculcate these concepts with absolute clarity and lucidity. Students get an opportunity to learn these subjects from highly professional faculty, who make these subjects more interesting and very easy to understand. Moreover, learning here, becomes a delightful experience due to modern teaching methodology. We help our students to think out-of-the-box; a skill that is indispensable to succeed at competitive examinations in future

Importance of Competitive Exams

Preparing for Competitive Exams helps to identify scholastic talent in students. Identifying their skill level earlier is not the same as putting pressure on a student to suddenly turn into a prodigy. Aptitude needs learning and practice to reach its full potential. Preparing for competitive exams is about helping your child to be the best he can. The focus of Competitive Exams is to impart factual knowledge and develop the required intellectual skills to apply that knowledge. The curriculum of these exams aims to concretize what was already learnt and take students to the next level. These develop the ability for independent work and objective thinking in students.

Why students prefer to join Learning Temple Building Strong Foundation Program?

Qualified and Experienced Faculty

The faculty of Learning Temple consisting of the doyens of science and engineering mostly. IIT ians, having a reputation of cultivating and blossoming geniuses.

Extensive Study Material

We have a proper module designed for the Science and Math subjects which covers the syllabus of all the boards and also caters to the topics essential or Competitive Examinations.

Precise and exhaustive training for Competitive Exams as well as School Exams

We would ensure that the students are well versed in all the nuances, patterns and demands of the various competitive examinations and have accurate and up-to-date learning solutions.

Doubt Solving Sessions

We have one to one doubt solving sessions with faculties which helps students get rid of smallest doubts and greatest uncertainty.

Building Strong Foundation for Proud Future

COURSES OFFERED (10th Class)

One Year/Three Year

(For students presently in class IX going to class X)

A program to secure an important milestone of your child's future Synchronized study of Board + JEE Main + JEE Advanced + KVPY+ Olympiads + NTSE + Others Competitive Entrance Exams Etc.

This Three-year/One year integrated course equips you with complete knowledge, all tricks of the trade, and supreme confidence to tackle the JEE.

In class X, your study hours and the break-up is same as in class IX. You cover your X syllabus aiming for top performance in the Board Exams; and finish the Bridge Course (certain topics of classes XI and XII), landing smoothly into the rigorous of XI and XII.

Class X syllabus introduces the concepts which student will learn in depth in class XI & XII. Therefore a focused and systematic classroom program right from class X will ensure strong understanding of fundamentals and a high level of IQ, which is a clear-cut requirement for NTSE as well as JEE.

The key to IIT JEE success lies in building and reinforcing basic fundamentals and concepts. In this program not only will a students start building strong foundation, but it will also give the students enough time to learn and practices those core concepts as the course is spread over a longer duration which makes the learning process smoother and stress free, resulting in better outcomes.

Given the intensity of the competition in today's time, an early start is indispensable. Ideally, one should start IIT JEE preparations while in class IX but in case you could not, it is advisable for you to start preparing from class X.

(CBSE/GSEB Board + JEE Main
+ JEE Advanced + KVPY + Olympiads
+ NTSE + Others Competitive
Entrance Exams Etc.)
Integrated Coaching Program

Class Pattern	Frequency	No. of Hrs.
Regular	3/4 days in a week	12/14 Hrs.

Course Duration

Commencing from
April/May 2019 to March 2020.

Course Fee

₹ 42,000/- (+ Service Tax)

Course Highlights

- Exhaustive classroom coverage and detailed study material
- Separate batch for **CBSE & GSEB** students
- Series of practice exercises with different kinds and types of questions
- Detailed after-booster test problem-solving discussions
- Special classes and assignments for Olympiads
- Tests on NTSE & Other Olympiads Exam Pattern
- Tips on improving examination temperament
- Complete preparation for NTSE and full support for exams like NSO, JSO etc.
- Separate classes for NTSE and other olympiads exams.

COURSES OFFERED (9th Class)

One Year/Four Year

(For students presently in class Std-8 going to Std-9)

A program to secure an important milestone of your child's future Synchronized study of Board + JEE Main + JEE Advanced + KVPY+ Olympiads + NTSE + Others Competitive Entrance Exams Etc.

Starting in class IX, this four-year integrated course, will make you a master of JEE by the time you finish your XII class. Class IX & X syllabus introduces the concepts which students will learn in depth in class XI & XII. Therefore a focused and systematic classroom program right from class IX will ensure strong understanding of fundamentals and a high level of IQ, which is a clear-cut requirement for JEE.

Expert teaching and focused study material of Science and Maths in IX standard, prepares a student to compete in and preparing for exams, like Olympiads thereby giving a student the much required exposure to the worlds of competitive exams.

IIT-JEE (Main+Advanced) is not just about clearing the entrance test. It is equally important that student develop the right scientific aptitude, which will not only help them complete their Engineering course but also help them succeed on professional & personal front. The earlier we start inculcating these traits among the children, the easier it becomes for them to assimilate & adopt this scientific aptitude.

The course would also help the student prepare for exams like Olympiads, KVPY and other competitive exams. In short, the course offers a win-win proposition to the student with the student getting help for school preparation, competitive exams and also developing the right skill set to tackle IIT-JEE (Main+ Advanced)

(CBSE/GSEB Board + JEE Main
+ JEE Advanced + KVPY + Olympiads
+ NTSE + Others Competitive
Entrance Exams Etc.)
Integrated Coaching Program

- Separate classes for Jr. Olympiad and other olympiads exams.

COURSES OFFERED (8th Class)

One Year/Five Year

This Program aims at raising the IQ / Mental Ability of the Students to a level that is 2 years ahead of time. It will also develop the Logical Thinking of the Students, required for achieving success in various Competitive / Scholastic Exams including JEE/NEET in the future. In addition, this program will also guide the Students to approach Science & Mathematics in an objective manner which will eventually enable them to solve complex numerical programs while ensuring that Biology is the integral part of this program.

Success is never defined in an absolute sense. It is very much a subject of the relative performance. Children need to imbibe the spirit of competitiveness from an early age and start preparation for major milestone achievements, well in advance in order to avoid stress and anxiety at a later stage. The Program Trains a Student for Overall Logical Thinking and Scientific Aptitude at an early age thereby Transforming his / her academic life. This is the time when a Student Encounters Change in Academic Methodology from the text based Academics in Class 8th.

Parents will be able to notice substantial difference in the analytical skills and IQ of their little ones with this program.

The Long Term Goal of this Program is to help each & every Student get a Top Rank in JEE/NEET. Moreover, equal emphasis is also given on achieving excellent performance in Boards as well as Combined Engineering Entrance Exams. As NTSE is a major milestone in Class X, Students are meticulously prepared for delivering a remarkable performance in this Exam. KVPY is another such Exam which is a vital milestone in Class XI & XII. Students will be holistically trained & prepared to ace this important Exam too. Students will be simultaneously prepared for all the aforesaid exams within the School Schedule only. These Four years of intensive IIT-JEE/NEET training within the school framework works like an ambrosia for IIT-JEE/NEET.

(CBSE/GSEB Board + JEE Main
+ JEE Advanced + KVPY + Olympiads
+ NTSE + Others Competitive
Entrance Exams Etc.)
